IP-7 Tip-On Feeder

Wi-Fi

Overview

The IP-7 Tip-On Feeder with Accuracy-Lock technology is designed for high-speed precision placement of products onto moving carrier targets. The modular design allows IP feeders to be easily integrated into existing equipment such as folder/gluers, vacuum bases, mail tables, conveyors, flighted infeeds, tip-on systems, or configured as part of a turn-key attaching system.

Streamfeeder's Accuracy-Lock feature ensures tight placement tolerances at high speeds with one or multiple pieces per carrier. Wi-Fi enabled controls allow you to set-up and adjust the IP-7 on-the-fly from an application on your phone, tablet or laptop. Management, operators, and maintenance can view real-time diagnostics and reports allowing them to track productivity, quality and efficiencies.

24" Tall Stainless Steel Side Guides

One-Knob Side Guide Adjust

Durable Stainless Steel Construction

Patented Product Separator

Long-Lasting Gum Rubber Feed Belts and Vacuum Assist Ready

Adjustable Angle Discharge

Alignment Guides

Universal Mounting Kit

Self-Adjusting Discharge Hold-Down

Standard Features

- Accuracy-Lock
- Variable and on-the-fly product placement adjustments
- Servo motor/controller
- Encoder
- Vacuum assist ready
- One-knob side guide adjust
- Gum rubber feed belts
- Universal mount
- System I/O interface
- Discharge guides ensures side-to-side registration
- Self-adjusting hold-down
- Adjustable discharge
- Stainless steel construction

Applications - Integrates with:

- Folders/Gluers
- Vacuum Bases
- Mail Tables
- Conveyors
- Flighted Infeeds
- Tip-On Systems
- Turn-key Attaching Systems

Products

- Plastic Cards
- Booklets
- Business Cards
- Coupons
- Folded Documents
- Magnets
- Pharmaceutical Inserts
- Promotional Items
- Sample Packs

Contact our experienced sales team today for a comprehensive review of your application/product and see how our IP-7 can benefit your company.

Specifications
Maximum Product Size 7" wide x 6" long (178 x 153 mm)
Minimum Product Size 2" wide x "2.5 long (51 x 64 mm)
Min/Max Product Thickness .003" to .250" (.076 to 6.35 mm)
Belt Speed 4,000 in/min (101.6 m/min)
Utilities 230vac, 1Ø, 50/60Hz, 11A
Wi-FI Enabled
Warranty One year limited
Other sizes and thickness capabilities available.
